H. E. FISKE

H. E. FISKE SEED CO.

12 & 13 Faneuil Hall Square
Boston : Massachusetts

The Faneuil Hall Square Seed Store

The Fiske Building was especially erected and designed for the H. E. Fiske Seed Co. to conduct a Seed and Bulb business. It is furnished with the latest improved fixtures for the quick despatching of orders and prompt serving of our customers. **The street floor is entirely given up to the retail trade.** We are prepared to serve you promptly.

THE BULBS we offer are from Holland, France, Germany, Azores Islands, Bermuda, Japan and California, and grown by men of long experience whom we have known personally for many years. Care has been taken in the selection of varieties that experience has proven will give satisfaction to our customers.

ORDER EARLY. It is quite essential that your order be sent in early to procure your selection of bulbs, as later in the season our stock will be reduced to such an extent that many of the varieties will be sold out, and it is our desire for you to have the best bulbs and selection of varieties.

REMITTANCES may be made at our risk by Draft, Money Order, Express Company Money Order, Cash by Express or registered letter. We can use postage stamps if more convenient.

TIME OF SHIPMENT. As soon as the bulbs are ready; the early bulbs in September, the later ones in October and November.

DELIVERY. We deliver, postage paid to any post office in the United States, bulbs at the single or dozen price as quoted in catalogue unless otherwise stated. If any quantity is wanted it will readily be seen that it is cheaper for our customers to order in quantity and have goods go at their expense by express.

LOCAL DELIVERY. We deliver free within 10 miles of Boston *all orders for bulbs* amounting to $3.00 or over *at our catalogue price.*

PLANTS. Our plants are all too large for sending by mail. More satisfactory results are obtained from the larger plants and are received in better condition by express. **Seeds, Bulbs and Plants are now taken by the Express Companies at a reduction of twenty per cent. from the regular rates of merchandise.**

NON-WARRANTY. Most of the failures with seeds, bulbs and plants are due to causes entirely beyond our control, such as unfavorable weather and soil conditions, too deep or too shallow planting, etc., which render it impossible for us to guarantee results. While we exercise the greatest care to have all seeds, bulbs, and plants true to name and of such stock as will under proper conditions produce satisfactory results, we can give no warranty, express or implied, as to descriptions, quality, productiveness or any other matter of seeds, bulbs and plants we send out, and will not be held responsible for the crop. If the purchaser does not accept the goods on these terms and conditions, they must be returned at once and the money that has been paid for the same will be refunded.

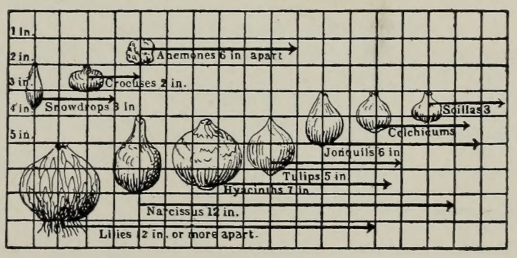
A FIELD OF HYACINTHS AS GROWN IN HOLLAND

HYACINTHS

One of our most popular bulbs for effective beds outdoors or growing in the house in pots. Their very decorative appearance, long keeping, brilliant colors and delightful fragrance recommend them.

GARDEN CULTURE. Bulbs may be planted from September to December in any good, well-drained garden soil, which has previously been well enriched and dug from 12 to 18 inches. Bulbs should be set 6 inches apart and 6 inches deep. Before the ground freezes cover beds with material, such as leaves, straw, pine branches, etc., to a depth of 4 inches. Do not uncover too early in Spring.

CULTURE IN POTS. It is always best to select solid, heavy bulbs and plant as early as possible. Care should be taken to fill the pots with a light, well-enriched potting soil, and have the top of bulb just below the surface. Use a 5-inch pot for single bulb or four in a 6-inch pot. Give a good watering and set away in a cool place, covering them with about 3 to 5 inches of coal ashes or sand. Let them remain here for 8 to 10 weeks, bringing them to the light as wanted. When they show flower-spikes, use the liquid sheep manure.



CULTURE IN GLASSES. We recommend the single varieties for this purpose and always the best named varieties. Place the bulb so that the base is just in contact with the water. A little charcoal is good to put in to keep the water pure. Keep in a dark, cool place until the roots are about 6 inches long; then bring into the light and warmth to bloom. Change the water every few days.

CHOICE UNNAMED BEDDING HYACINTHS

For bedding-out or forcing in separate colors

The quality is equal to any offered and bulbs are selected for us.

If by mail, add 10 cts. per dozen for postage

SPECIAL NAMED BEDDING HYACINTHS

75 cts. per doz; $6 per 100; $55 per 1000. If by mail, add 15 cts. per doz.

Where special bedding is required of distinct colors, it is very essential that named varieties be used, and these are especially adapted for this work. The colors are:

Scarlet	**Pure White**	**Light Blue**	**Rose**
Yellow	**Soft Pink**	**Crimson**	**Lavender**
Blush White	**Purple**	**Mauve**	

EARLY ROMAN HYACINTHS

EARLY ROMAN HYACINTHS

This class of Hyacinths is almost indispensable to the florist in his Autumn and Winter cut flower work, and to the amateur it is the most successful of all flowering bulbs. If planted early in September and gently forced, will bloom in November, or flowers may be retarded until Christmas by keeping in a cool place. Plant six bulbs in a 6-inch pot for good effect.

	Doz.	100	1000
Pure White. Extra large selected bulbs	$0 60	$4 00	$35 00
Pure White. Mammoth	75	5 00	45 00
Light Pink	50	3 75	32 00
Light Blue	50	3 75	32 00

MINIATURE, OR DUTCH ROMAN

40 cts. per doz.; $2.50 per 100; $23 per 1000.
If wanted by mail, add 10 cts. per doz.

Pink
Dark Red
Dark Blue
Light Blue
Blush White
Pure White
Yellow
Mixed Colors

These are better adapted for growing in pots or shallow pans.

WHITE ITALIAN or PARISIAN

These are about two weeks later than the Romans, and the blossoms somewhat larger; very fragrant. 50 cts. per doz.; $3.75 per 100; $32 per 1000. If by mail, add 10 cts. per dozen.

FEATHERED HYACINTHS

Very pretty hardy Spring flowers. Grow well in almost any soil.

	Doz.	100	1000
Muscari plumosus	$0 25	$1 50	$12 00
Monstrosum	40	2 50	20 00

MUSK HYACINTHS

Delightfully fragrant.

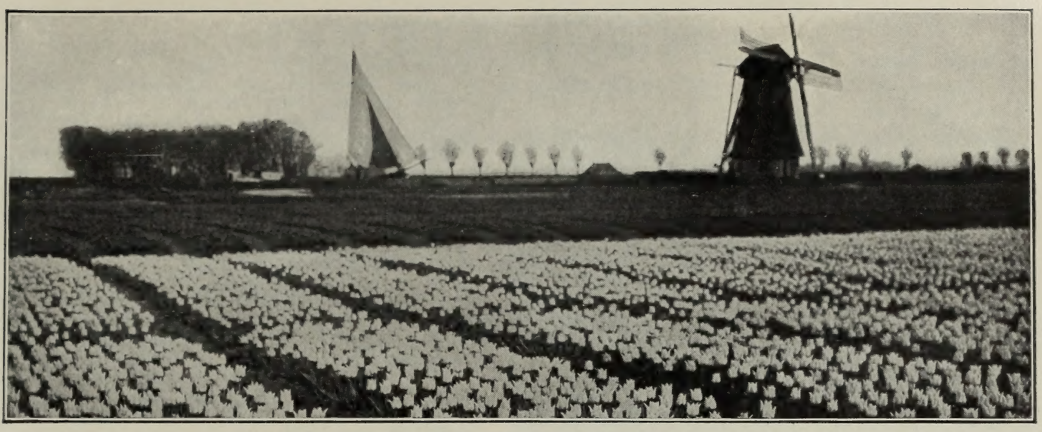
	Each	Doz.
Major. Large blue	$0 25	$2 50
Minor. Yellow	25	2 50

GRAPE HYACINTHS

For the grass, hardy border or in clumps between shrubberies, they are excellent and very inexpensive. Grown in masses they produce best effect.

	Doz.	100	1000
Alba. White	$0 20	$1 00	$7 00
Cœrulea. Blue	15	60	4 00
Heavenly Blue. Large light blue bells	30	2 00	12 00

GRAPE HYACINTHS



A SECTION OF A FIELD OF TULIPS GROWING IN HOLLAND

TULIPS

To produce effect a few bulbs scattered here and there are of but little value. They should be planted in masses or small groups and, so disposed, when in bloom become grand and brilliant, surpassing almost any other flower in variety of coloring and picturesque effect. The varieties below are all adapted for pot culture especially, so are the Duc van Thol sorts, as they can be forced for Christmas blooming.

D, indicates dwarf varieties; M, those of medium height; T, tall growing varieties.

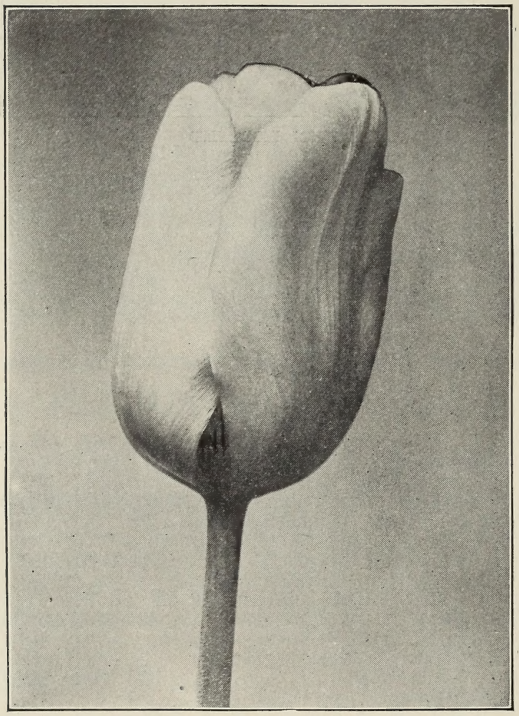
NAMED SINGLE EARLY TULIPS

	Doz.	100	1000
M **Artus.** Bright scarlet	$0 25	$1 75	$15 00
M **Bacchus.** Rich dark crimson.	35	2 50	20 00
D **Belle Alliance.** Brilliant deep scarlet	50	3 00	28 00
M **Brutus.** Orange crimson	25	1 75	15 00
T **Canary Bird.** Rich golden yellow	25	1 75	15 00
M **Cardinal's Hat.** Very dark red	25	1 50	12 00
D **Cerise Grisdelin.** Cherry red bordered white	60	4 00	35 00
M **Chrysolora.** Large pure golden yellow	25	1 50	12 00
D **Cottage Maid.** Beautiful rose white shade; excellent	25	1 50	12 00
T **Couleur Cardinal.** Crimson scarlet, brilliant	60	4 00	35 00
T **Crimson King.** Brilliant crimson	30	2 25	17 00
T **Duchesse de Parma.** Orange scarlet bordered yellow	25	1 75	15 00
Duc van Thol Tulips. Very early and especially valuable for forcing or pot culture.			
D **Crimson**	25	1 50	10 00
D **Gold-striped**	25	1 50	12 00
D **Orange**	30	2 00	16 00
D **Red and Yellow**	30	2 00	16 00
D **Rose**	50	3 50	30 00
D **Scarlet**	35	2 25	18 00
D **Vermilion**	30	2 00	15 00
D **Violet**	25	1 50	12 00
D **White**	40	3 00	22 00
D **Yellow**	60	4 00	35 00
M **Dusart.** Deep scarlet; brilliant	50	3 50	30 00
M **Fabiola.** Violet striped rose.	35	2 50	20 00
D **Goldfinch.** Pure yellow; very fragrant	30	2 25	17 00
D **Duc de Berlin.** Very early, red and yellow	40	3 00	25 00
M **Jagt van Delft.** Pure white; rather dwarf	25	1 25	10 00
M **Joost van Vondel, Striped.** Deep cherry red striped white; very large flower	$0 30	$2 25	$17 00
M **Joost van Vondel, White.** Pure white; exceedingly fine, large flower	75	5 00	40 00
T **Keizerkroon.** Crimson scarlet edged yellow; one of the finest	40	2 75	24 00
M **King of the Yellows.** Deep golden yellow; excellent for forcing	30	2 00	16 00
M **Koh-i-noor.** Very dark crimson	75	5 00	
M **La Reine.** White tinted rose	25	1 25	10 00
M **L'Immaculee.** Pure white	25	1 25	9 00
M **Mon Tresor.** Large yellow; early forcing	40	2 75	22 00
M **Moucheron.** Deep scarlet	75	5 00	
M **Orphir d'Or.** Deep golden yellow	35	2 25	18 00
T **Pottebaker, Scarlet.** Bright scarlet	40	2 75	22 00
T **White.** Pure white	35	2 25	17 00
T **Yellow.** Pure yellow	40	3 00	25 00
T **Yellow Striped.** Yellow with red stripe	35	2 25	17 00
M **President Lincoln.** Light violet	40	3 00	25 00
T **Prince of Austria.** Orange red; fragrant	60	4 00	32 00
M **Proserpine.** Deep rosy pink; a magnificent Tulip	65	4 25	35 00
M **Rosa Mundi Huikman.** Rose and white	25	1 50	11 00
D **Rose Grisdelin.** Delicate rose flushed white; fine form	30	2 00	16 00
M **Rose Luisante.** Beautiful deep rose	65	4 50	
M **Royal Standard.** Silvery white	40	2 75	25 00
M **Gold.** Crimson, striped and feathered gold	75	5 00	
M **Stanley.** Rich rosy crimson; very distinct	60	4 00	32 00

NAMED SINGLE TULIPS—Continued

	Doz.	100	1000
T **Thomas Moore.** Terra cotta shaded golden	$0 30	$2 00	$15 00
M **Van der Neer.** Rich violet; extra large flower	40	3 00	28 00
M **Vermilion Brilliant.** Dazzling vermilion; one of the best for forcing or bedding	75	5 00	40 00
M **White Hawk.** Pure white; large flower, stiff stems	$0 40	$2 75	$24 00
T **White Swan.** Pure white; egg-shaped flower	30	2 00	16 00
M **Wouverman.** Rich claret purple	50	3 50	30 00
D **Yellow Prince.** Bright yellow; sweet-scented; excellent for forcing	25	1 50	12 00

TULIPS OF RECENT INTRODUCTION



SARAH BERNHARDT

The following varieties are a selection from those of more recent introduction and, as the price is now quite high, we offer them only in limited quantities.

	Doz.	100
Crimson Brilliant. Splendid early crimson $32.00 per 1000.	$0 60	$4 00
Golden Queen. The most beautiful yellow tulip; flower pure yellow, very large and graceful, globular form	75	5 00
Grace Darling. Very large scarlet red flower with broad petals	1 50	10 00
Koh-i-noor. Beautiful dark crimson	75	5 00
Le Matelas. Deep rose edged white; very early	75	5 00
L'Unique. Beautiful white with yellow base	75	5 00
Maas. Dazzling scarlet; one of the largest flowers; excellent	1 25	8 00
Mont Blanc. Excellent pure white; the largest flower and early	1 00	6 00
Pink Beauty. A lovely tulip; deep glowing rose with bold snowy white flush in outer petals, center white and yellow	1 50	14 00

Sarah Bernhardt. Large flowers; soft rose with chamois tinge; very striking. Creates a sensation wherever seen	1 00	6 00

To those wishing to make a trial of this set this season we will mail one each of the above 12 varieties with names, for $1.50.

MIXED TULIPS

A great difference is to be found in the grades of mixed Tulip as sold to the trade for, whilst a large proportion are sold as imported the mixture is generally made from surplus unsold varieties by the growers in Holland. Sometimes the mixtures are very good.

SINGLE TULIPS IN MIXTURE.

Fiske's Quality Mixture has been especially prepared by ourselves from the named varieties, using care that only those flowering together and of the same height should be included. 30 cts. per doz.; $2 per 100; $18 per 1000.

Selected Mixture contains a great number of varieties, well-blended colors; an excellent assortment. 20 cts. per doz.; $1.25 per 100; $10 per 1000.

Superfine Mixture, as imported from Holland. 15 cts. per doz.; $1 per 100; $7 per 1000.

Late Flowering Varieties. See page 9.

Single Early Tulips in Separate Colors. Where effect is desired in different shades of a color these make an excellent selection and will produce colors rarely obtained in any other mixture.

	Doz.	100	1000
Crimson	$0 35	$2 50	$20 00
Rose	35	2 50	20 00
Dark Red	35	2 50	20 00
Scarlet	50	3 00	28 00
Pink	$0 30	$2 00	$16 00
White	30	2 00	16 00
Yellow	25	1 50	12 00
Red and Yellow	35	2 50	20 00
Red and White	40	2 75	25 00

DOUBLE TULIPS IN MIXTURE.

Fiske's Quality Mixture. (Double Varieties.) For this mixture we have endeavored to maintain the same high standard as in the Single Varieties, including as many sorts as possible in order to produce a well-blended effect when in flower. 30 cts. per doz.; $2 per 100; $18 per 1000.

Selected Mixture (Double Varieties.) Contains a great number of varieties, well-blended colors; an excellent assortment. 20 cts. per doz.; $1.25 per 100; $10 per 1000.

Double Late Mixed. This class come into flower from a week to ten days later than above; some of the best varieties are included in this mixture. 20 cts. per doz.; $1.25 per 100; $10 per 1000.

DOUBLE TULIPS

The earlier sorts are especially good for forcing and the later varieties more effective in beds or borders.

		Doz.	100	1000
M	**Alba Maxima.** Large; pure white	$0 30	$2 00	$16 00
T	**Belle Alliance** (late). Violet, red and white	30	2 00	18 00

Perfecta. Yellow, scarlet and green	25	1 75	14 00
Finest Mixed. All colors	25	1 50	10 00

DARWIN TULIPS

A comparatively new class of late-flowering Tulips. A most beautiful race of the self-colored, or Breeder types. The colors range from the palest lilac to purplish black, including shades of rose, scarlet, crimson, violet, brown, etc. Flowers borne on stiff stems, growing from 24 to 36 inches high. We cannot say too much regarding this class.

	Doz.	100
Apricot. Apricot yellow	$1 00	$7 00
Clara Butt. Beautiful soft rosy pink.	1 50	13 00
Claude Gillot. Blood red	85	5 25

Mrs. Stanley. Purplish rose	1 00	7 00
Pride of Haarlem. Rose with blue base; flowers of great size	90	6 00
The Sultan. Maroon black	50	3 50
Zulu. Rich dark maroon purple	1 50	15 00
Choice Mixture. A great variety of colorings	30	2 00

DARWIN TULIPS

TULIPS, SINGLE LATE OR MAY FLOWERING

These are quite distinct from the early flowering varieties, as they bloom from two to three weeks later, and are composed of very much larger flowers, many of them of odd shapes and with beautiful markings. On account of their extreme hardiness they are specially adapted for borders or permanent flower beds. Excellent for cut flowers.

MAY FLOWERING TULIPS

	Doz.	100	1000
Beauty of America. Cream changing to pink	$0 40	$3 00	$28 00
Bizarres. Yellow ground striped with crimson, purple or white	20	1 25	10 00

Retroflexa. Light yellow; petals gracefully recurved	50	3 00
Viridiflora (The Green Tulip). Flowers immense size; green edged yellow. Odd and beautiful	75	5 00

NARCISSUS, or DAFFODIL

Each year the demand for this charming Spring flower is increasing, and the varieties are so extended that we are now able to make many new additions to the already large list, and all well worth time and space in your garden or house. May be had in flower as early as Christmas.

Outdoor Culture.—Bulbs should be planted 4 to 5 inches deep and 4 to 6 inches apart, according to size of bulbs. Being perfectly hardy, they make an excellent effect among shrubbery in borders, etc.

Pot Culture.—Use same composition as for hyacinths. Best to plant six bulbs in bulb-pan of one variety. Keep in dark for a few weeks until well rooted. Easy of cultivation and almost sure to bloom.

LARGE TRUMPET NARCISSUS

	Doz.	100
Albicans (Spanish Daffodils). Sulphur white trumpet	$0 50	$3 00
Ard Righ (Irish King). Large; deep yellow trumpet; early	75	5 00

DOUBLE NARCISSUS VON SION

MISCELLANEOUS BULBS

Allium

Flowers are produced in large clusters and are borne on long stems; excellent for cutting.

	Doz.	100	1000
Aureum (Moly). Bright yellow flowers. Hardy border plant	$0 15	$0 75	$5 00
Neapolitanum. Large heads of pure white flowers; excellent for forcing	15	1 00	7 00
Ostrowskianum. Large trusses of purplish red flowers	25	1 50	

Amaryllis

Single bulbs mailed free

This class of bulbs need special treatment for success. We believe in placing the bulbs in Autumn where they will always be slightly moist and warm. Under the bench of a greenhouse is a good place. Pot when flower-buds show. At first give very little water, increase the supply of water as plants grow.

	Each	Doz.
Belladonna major. White tipped rose; large and handsome	$0 15	$1 50
Belladonna rosea perfecta. Exquisite clear pink, of great substance	50	5 00
Formosissima (Jacobean Lily). Dark crimson; open flower; lower petal recurved	15	1 50
Hippeastrum (New Hybrids). The finest of this class, exceeding, in size, fine form of flower, and diversity of colors and markings, all former hybrids	75	7 50
Equestre. Scarlet with broad white stripe	25	2 50
Johnsoni (Barbadoes Spice Lily). Enormous bright crimson flowers with a white stripe through each segment	60	6 00
Vallotta purpurea (Scarborough Lily). Vivid scarlet; popularly grown in pots, and placed on steps and piazzas, where they flower during the latter part of August	30	3 00

Anomatheca Cruenta

Flowers scarlet spotted crimson, borne on stems 9 inches high; a very pretty pot plant. 20 cts. per doz.; $1 per 100.

ANEMONE

Anemones

For brilliancy of color and profusion of bloom none of the Spring flowers surpass the Anemone; equally adapted for pot culture. Place 6 bulbs in 6-inch pot or pan, cover about 1 inch deep; out of doors plant 3 inches deep and 4 inches apart. Protect well with leaves for the Winter.

SINGLE.	Doz.	100	1000
Apennina. Flowers large, sky-blue	$0 30	$1 50	
De Caen. The giant French. Finest mixed	20	1 00	$8 00
Coronaria. Finest mixed	15	1 00	5 00
Blue. Bright color	20	1 00	7 50
Scarlet. Showy. **White.** Pure white	20	1 00	7 50
Fulgens (Scarlet Wind Flower). Flowers dazzling scarlet; free-flowering; excellent for forcing	50	3 00	
St. Brigid (Irish Anemone). Semi-double; in shades of scarlet, blue and purple; very handsome	50	3 00	
DOUBLE.			
Lord Nelson. Violet	30	2 00	
King of Scarlets. Brilliant scarlet	30	2 00	
Ceres. White shaded rose	40	2 50	
Superfine Mixed	25	1 50	

Calla Lilies

Require good rich loam, a large pot and plenty of lukewarm water. No bulb is of easier cultivation than the popular Calla.

	Each	Doz.
White Calla (*Richardia Æthiopica*). First size	$0 15	$1 50
White Calla. Extra selected	25	2 50
Little Gem. Grows about 12 inches high and has flowers one-half the size of regular	15	1 50
Elliottiana (The Golden Calla). A new variety of rich golden yellow flowers and white-spotted foliage. Bulbs ready in November	75	7 50
Spotted-leaf Calla (*R. alba maculata*). Excellent for borders or in clumps. Beautiful pot plant; flowers white; foliage spotted	10	1 00
Arum Dracunculus (The Dragon Lily). Ornamental foliage which is curiously cut, resembling a dragon; flowers deep purple	15	1 50
Arum Italicum (The Italian Calla). Spotted yellow foliage	05	40
Arum sanctum (Black Calla). Very decorative as a foliage plant; flowers purplish black	20	2 00

Camassia Esculenta

Resembling somewhat *Scilla Campanulata.* Dark blue flowers; perfectly hardy. 20 cts. per doz.; $1 per 100.

Crown Imperials

Hardy border plants of stately growth, producing whorls of pendant, bell-shaped blossoms. Plant 9 inches deep.

	Each	Doz.
Aurora. Red	$0 25	$2 50
Crown upon Crown. Double whorls of red	25	2 50
Golden Striped Foliage. Flowers red; very decorative	35	3 50
Orange Brilliant	35	3 50
Single Yellow	40	4 00
Superfine Mixed	15	1 25

CROCUS

CROCUS GROWN IN A PAN

The Crocus may be grown indoors either in pots or bulb pans, or in dishes filled with wet moss, in which the bulbs are set closely a half-inch below the surface. When planted out of doors, set three inches deep. October or November is the best time.

Chionodoxa

(Glory of the Snow)

The most beautiful of the dwarf blue Spring flowers. Should be used extensively for wild garden, woodland planting, shrubbery; perfectly hardy.

	Doz.	100
Luciliæ. Bright sky blue.....	$0 20	$1 25
Sardensis. Rich deep blue.....	25	1 50
Gigantea. Much larger flowers than *C. Luciliæ*.....	20	1 25

Cyclamen (Giant Strain)

One of the most beautiful and satisfactory of all the Winter blooming bulbous plants. The foliage is handsomely mottled; very ornamental. Will remain in bloom several months. Pot bulbs in October, if possible, in coarse, light, rich soil; bulbs do best when only partially covered with earth.

	Each	Doz.
Giganteum album. Large, pure white.	$0 20	$2 00
roseum. Large, bright rose.....	20	2 00
rubrum. Large, deep red.....	20	2 00
Finest Mixed	15	1 50

Eranthus Hyemalis

(Winter Aconite)

The earliest Spring flower, often appearing through the snow. Golden yellow flowers; 6 inches high. 20 cts. per doz.; $1.25 per 100; $8.00 per 1000.

Eremurus

Robustus. A rare plant from Turkestan and excellent for permanent borders. It thrives best in deep sandy loam, well drained and somewhat sheltered sunny situation. Plenty of stable dressing will improve the flowers which are often two inches across and borne on stems six to ten feet high, covered with rosy lilac flowers. We advise covering four or five inches with leaves or litter for the Winter, as the young shoots start quite early in Spring. Strong flowering roots. $2 each; $20 per doz.

Himalaicus. Grows from four to six feet high. The pure white flowers are the size of a fifty cent piece and are borne on racemes about two feet long. Perfectly hardy. Strong flowering roots. $1.25 each; $12 per doz.

CYCLAMEN

Erythronium (Dog's-Tooth Violet)

Hardy bulbous plants with broad, spotted and marbled foliage. Flowers early, well suited for shady locations.

	Doz.	100
Alba. White	$0 20	$1 25
Purpurea. Purple	20	1 25
Rosea. Pink	20	1 25
Violacea. Violet	20	1 25
Mixed Colors	20	1 25

Freesia

One of the most popular of all Winter flowering bulbs, for no other excels it in fragrance, grace of appearance and ease of culture. If planted early it can be had in bloom by Christmas. Ten or twelve bulbs should be used for a 6-inch pot or pan.

	Doz.	100	1000
Refracta alba odorata. Flowers pure white. Selected large bulbs	$0 20	$1 25	$10 00
Mammoth size	35	2 00	18 00
Fischer's Purity (New). This we believe to be the largest and purest white Freesia grown. The stems are from 20 to 25 inches high and produce from six to twelve extra large pure white flowers. Our bulbs are all grown by Mr. Fischer. 5 cts. each	50	3 50	30 00

Mailed free at dozen rate.

FREESIA

Fritillaria Meleagris

(Guinea-Hen Flower)

A hardy Spring flowering plant of great beauty; grows well in shaded places. Finest mixed. 30 cts. per doz.; $1.75 per 100; mailed free.

Gladiolus

An extremely early class of exquisite beauty. Flowers are borne on long, stiff stems. An excellent pot plant when six bulbs are used for a pot. For Spring flowering store bulbs in dry sand until May and plant out; will flower in June. Ready in November.

Mailed free at dozen rate.

	Doz.	100	1000
Ardens (Fire King). New. Fiery scarlet, pink flakes. The finest grown, each 20c.	$2 00		
Blushing Bride. Beautiful ivory white with crimson flakes on the lower petals	40	$3 00	$20 00
Colvillei alba (The Bride). Purest white; very compact and valuable for forcing	25	1 50	
Lucretia. Large white flushed rosy flesh yellow blotch edged red ..... each, 10 cts.	1 00		
Queen Wilhelmina. Blush white with conspicuous blotches of cream with scarlet margin	75	6 00	
Sappho. Large white shaded pale lilac with faint creamy blotches edged violet	40	3 00	

Helleborus (Christmas Rose)

One of the most valuable of the hardy plants, blooming as it does at a season when flowers are scarce. Will succeed in almost any garden soil and, if plenty of dressing is used, blooms may be had two or three inches across. Requires a sheltered or partially shaded place. Strong flowering clumps in November. 30 cts. each; $3 per doz.

Ismene Calathene (Sea Daffodil)

Pure white, large lily-like blossoms which appear in threes and fours on a stalk. Especially good for pot culture. 15 cts. each; $1.50 per doz.; $10 per 100; mailed free.

Ixias

Charming bulbs for Winter blooming, of easy culture and producing very brilliant flowers of many shades of yellow, pink, scarlet and crimson; center of flower always distinct in color, making a striking effect. Plant six or eight bulbs in a 6-inch bulb pan.

	Doz.	100
Crateroides major. Bright scarlet	$0 50	$3 00
Emperor of China. Golden yellow, purple eye	30	2 00
Rosea plena (Wonder). Soft rose	30	2 00
Viridiflora. Green black center	50	3 00
William the Conqueror. Large white, purple eye	30	2 00
Superfine Mixed. All colors	15	60

Mailed free at dozen prices.

IRIS KAEMPFERI

IRIS

Japanese Iris

One of the most beautiful of our Summer flowering bulbs, in its combinations of color and beauty far excelling any other type. Flowers often ten to twelve inches in diameter. They require rich, moist soil.

The varieties we offer are from a magnificent Japanese collection, all producing flowers of immense size. The clumps are large and will produce flowers the first season.

25 cts. each; $2.50 per doz.; $15 per 100, by express; if desired by mail add 5 cts. each for postage.

Ambrogio Maggi. Deep purplish blue.
Blanche Moreau. Large single; pure white.
Cardinal. Double; deep purplish rose; white center.
Beethoven. Double; white veined blue; blue center.
Fairy Queen. Veined and striped rose, purple center.
Grand Lilas. Single; very large flower of a beautiful lilac.
Lilaceous. Single; bluish lilac veined dark blue.
La Nuit (Night). Double; rich deep purple, with golden center; very large and handsome flower.
Li-Hung-Chang. Double; pure white; extra large flower.
Margot. Single; porcelain on white ground with purple veins.
McKinley. White tinted blue, reddish center.
Mont Blanc. Double; white.
Shiwun. Double; indigo blue shaded lilac.
Tsarine. White; rose center.
Yvette Guilbert. Deep lilac, white center; double.

We make a special offer of the above fifteen varieties, one of each, with name, $3. Double and single varieties, mixed, unnamed, but excellent sorts. 15 cts. each; $1.50 per doz.

German Iris (Iris Germanica)

Of the easiest culture and thrive in any ordinary garden soil, blooming profusely in May and June. Remarkably rich and beautiful in color, very fragrant, perfectly hardy. Very effective when grouped; excellent for cutting. Large clumps will bloom first year. **25 cts. each; $2.50 per doz.; $15 per 100,** by express; if by mail add 5 cts. each for postage.

Agnes. White; frilled and shaded lilac.
Bouquet Royal. Creamy white.
Canary Bird. Standard yellow, falls bronze striped white.
Empress Victoria. Pale blue standards, falls purplish blue.
Gracchus. Crimson reticulated white; very fine.
Innocenza. Ivory white.
Mme. Chereau. White; elegantly frilled, azure blue at the edges.
Maori King. Rich golden yellow standards, falls velvety crimson margined gold.
President Carnot. Standards pale blue, falls violet blue.
Tour Eiffel. Olive with purplish violet falls.
Mixed Varieties. Unnamed, but excellent stock. 15 cts. each; $1.50 per doz.

Spanish Iris (Iris Hispanica)

The earliest of all the hardy Iris; small flowered but extremely attractive, as the flowers resemble somewhat the Orchid family. A great variety of colors for effect should be planted in masses out of doors and protected somewhat during Winter. Excellent for forcing or house culture.

Mailed free at dozen rates.

	Doz.	100	1000

Lachenalia

A family of Cape bulbs of easy culture in the house. Beautiful pendant flowers and spotted foliage. Plant six bulbs in a 6-inch bulb-pan about one inch deep. Mixed hybrids of many shades, 15 cts. per doz.; $1.50 per 100; mailed free at dozen rates.

Hardy Lilies

The increased production of this class of Lilies in Japan has greatly reduced the prices, and in consequence their use has become very general and they are well worth a place in every collection. Our experience has been that such bulbs as Auratum and Speciosum varieties do much better when planted 10 to 12 inches deep.

Lilies mailed at single price only.

	Each	Doz.
Auratum (Golden-rayed Japanese Lily). Pure white with a wide band of gold running through the center of each petal, and numerous crimson spots. Extra large bulbs.....$12 per 100.	$0 20	$2 00

Tigrinum Splendens (Tiger Lily). Orange spotted black	10	1 00
Tigrinum fl. pl. Double flowering Tiger Lily. August	10	1 00

LILIUM AURATUM.

LILIES

The bulbs may be potted from August to as late as possible to obtain good sound bulbs in a compost of equal parts turfy loam, leaf mould, rotten cow manure and sand; use pots not exceeding twice their own diameter, in which they may remain until started about eight inches, then transfer into larger pots, in which to bloom, exercising great care not to disturb the roots or break away the soil; set deeper in the larger pots. By this method you will greatly increase the number and size of blooms.

LILIUM PHILIPPINENSE

Forcing Lilies

Lilies mailed at single rates only.

	Each	Doz.	100
Lilium Harrisii (The Bermuda Easter Lily). Ready in August.			
Fine flowering bulbs	$0 10	$1 00	$6 00
Extra large bulbs	15	1 75	12 00
Mammoth bulbs	30	3 50	25 00
Lilium longiflorum. Ready in August.

Lilium candidum. These are grown for us in the north of France. Extra large bulbs; pure white flower; excellent for forcing; perfectly hardy for outdoor planting	15	1 50	8 00

Lilium Philippinense

Lilium Philippinense. Awarded a Gold Medal by the Massachusetts Horticultural Society. This new gardenia-scented white trumpet Lily is remarkable for its immense size of flower and its rapid growth. It has proved to be quite hardy in New England and should be a valuable addition to our Summer blooming Lilies. For forcing, 8 to 12 bulbs, put in a large pan, make a striking effect. 15 cts. each; $1.50 per doz.; $10 per 100.

Lily of the Valley

One of the most useful of our Spring flowers. Pure white, delicately scented. For open ground we offer clumps, each containing many flowering crowns. Set 6 to 12 inches apart. For forcing use the flowering pips, twelve to eighteen may be planted in a 6-inch pot, keeping the crowns above the soil. Ready for delivery in November.

	Doz.	100	1000
Best Berlin. First-class selected pips for forcing	$0 30	$2 00	$17 50
Best Hamburg. Best for late Winter and Spring forcing	25	1 75	16 00
Large Clumps. Each containing many flowering pips. By express, each 30 cts	3 00		

LILIUM CANDIDUM

OXALIS BUTTERCUP

Montbretias

Hardy border plants with elegant and gracefully branched gladiolus-like flowers, which are much prized for cutting during Summer. Colors ranging from clear yellow to rich scarlet. Plant bulbs 5 inches deep. Slight protection during Winter. Ready in November.

	Doz.	100
Croscosmiæflora. Orange scarlet	$0 15	$1 50
Etoile de Feu. Bright scarlet, center yellow, outside blood red	30	2 00
Golden Sheaf (Gerbe d'Or). Pure golden yellow	20	1 25
Germania. Very large; orange scarlet; excellent ... each, 15c.	1 25	8 00
Rayon d'Or. Rich yellow spotted brown	20	1 25
Seedlings. Mixture of a large variety of shades	15	1 50

Mailed free at dozen rate.

Nerine Sarniensis (Guernsey Lily)

This flower is one of the earliest of the Amaryllis family. Erect stems producing crowns of beautiful scarlet flowers, 30 cts. each; $3 per doz.

Ornithogalum (Star of Bethlehem)

Arabicum. A beautiful variety, throwing up a tall spike bearing numerous large pure white, star-shaped flowers, with a black center. Largely grown for greenhouse and window decoration, being of the easiest culture. 5 cts. each; 50 cts. per doz.; $3 per 100.

Oxalis

A very popular plant for hanging pots or baskets. Plant six bulbs in a pot.

	Doz.	100
Bermuda Buttercup. The best of all flowers; clear yellow and very large.	$0 30	$2 00
Grandiflora Rosea. Large pink	30	2 00
White. Large white	30	2 00
Lavender. Large lavender	30	2 00
Superfine Mixed. All varieties	25	1 50

Mailed free.

Pancratium Maritimum

A lily-like plant; flowers fragrant, white, very showy, borne in large clusters. 10 cts. each; $1 per doz.

Peonies

Without doubt this family of plants is one of the most important in existence, and the more the plants become known the greater will be the demand for them, especially as in the last few years great improvements have been made in size and color of flowers; perfectly hardy. **These Peonies are field-grown, with three to five eyes. 35 cts. each; $3.50 per doz.; except where noted.**

Berlioz. Bright cherry red.

Festiva Maxima. Double; pure white with a few petals tinged with carmine. Each 75 cts.

Louis Van Houtte. Velvety purple very dark; exceptionally large and desirable.

Mme. Chaumy. Rose shading to pink; fragrant.

Prince Prosper. Purplish carmine, protruding golden anthers.

Queen Victoria. Outer petals pale rose passing off white, center pure white; early.

Zoe Calot. Beautiful soft rose.

Tenuifolia flore pleno (Fringed-leaved). Shining crimson.

Peonies in Colors.	Each	Doz.
Double, in shades of red	$0 25	$2 50
Double, in shades of pink	25	2 50
Double, in shades of white	25	2 50

Ranunculus

Handsome flowers of fine form, very brilliant and attractive colors, very effective as pot-plant or cut-flowers. Eight bulbs should be planted in a 6-inch pan.

	Doz.	100	1000

Nutans cœrulea. Bright blue; very long spikes	25	1 75	
Nutans rosea. Pink; very long spikes	30	2 00	

Mailed free at dozen price.

Sauromatum Guttatum

(Monarch of the East)

Will produce a beautiful colored flower spathe, 16 inches long, from the dry bulb, without water or soil.

The treatment required is to simply place the large, flat, round bulb on a table or shelf in a warm room. The bulb will soon begin to show a head, and within a few weeks a curiously formed flower, 16 or 18 in. long, develops. The flowers are spotted dark red on yellowish orange red ground and are entirely different from any other as to coloring and shape. After flowering, the bulb should be planted in the ground, where it will throw dark green, wide-expanded foliage. Very large flowering bulbs, 25 cts. each; $2.50 per doz.; mailed free at single rate.

Sparaxis

A most graceful hardy bulbous plant, especially adapted for pot culture in the conservatory or window. Plant eight to twelve bulbs in a 6-inch bulb pan. Superfine mixed varieties, 10 cts. per doz.; 60 cts. per 100; $4.50 per 1000; mailed free at dozen rate.

Snowflakes (Leucojum)

Are perfectly hardy and produce flowers like monstrous snowdrops on stems about a foot high.

	Doz.	100
Spring Snowflake (L. carpathicum). White drooping	$0 25	$1 50
Summer Snowflake (L. æstivum). White	30	1 75

Mailed free at dozen rate.

Snowdrops

A favorite plant usually found in open borders, lawns or naturalized. Will thrive in almost any soil and situation.

	Doz.	100	1000
Single flowering	$0 15	$1 00	$7 50
Double flowering	25	1 75	12 00
Elwes' Giant Flowering	15	1 00	7 05

Mailed free at dozen rate.

SNOWDROPS IN GRASS

DOUBLE PEONY

Spiræa Astilbe

Excellent for forcing in the greenhouse or conservatory. Beautiful sprays of white flowers during February and March. Perfectly hardy. Ready for delivery in November.

	Each	Doz.	100
Japonica. Foliage dark green, fern-like flowers, stems 18 inches high, covered with white flowers	$0 10	$1 00	$5 00
Compacta multiflora. Flowers somewhat larger than the Japonica	10	1 00	6 00
Astilboides floribunda. The largest flower, erect long sprays; pure white	10	1 00	6 00
Astilboides Gladstoni. New	20	2 00	12 00
Astilboides Queen of Holland. New	20	2 00	12 00
Astilboides Washington. New.	20	2 00	12 00

These new Spiræas are vastly superior to all former sorts for forcing. If ordered by mail, add 10 cts. each for postage.

Trillium (Wood Lily)

Hardy native flowers, excellent for shady places.

	Doz.	100
Grandiflorum (American Wood Lily). Flowers pure white changing to delicate rose	$0 50	$3 00
Erectum. Pure white; compact growth. Height 15 inches	60	4 00

Tropæolum

Charming climbing plants for pot cultivation in the conservatory or window. Delicate foliage and elegant flowers.

Jarrattii (Tricolorum). Scarlet, yellow and black. 10 cts. each; $1 per doz.

NARCISSUS POETICUS GROWING WILD

Bulbs for Wild Gardens and Natural Plantations

It hardly seems possible that more people do not take advantage of improving bare spots among their shrubbery, and often unsightly corners about their places, which may be improved with very little expense, and have flowers from early Spring until Fall.

	Doz.	100	1000

Bay Trees and Boxwood Trees

These evergreens are most valuable for the decoration of halls and vestibules during Winter and equally useful in the garden in Summer.

STANDARD BAY TREES.

Prices vary according to the diameter of crowns. 26 ins. in diam. of crown, $7.50 each; 30 ins. in diam. of crown, $12.50 each; 36 ins. in diam. of crown, $15 each; 38-42 ins. in diam. of crown, $20 each.

PYRAMIDAL-SHAPED BAY TREES.

Prices: 4-5 ft. high, 20 ins. in diam., $5 each; 5-6 ft. high, 24 ins. in diam., $7.50 each; 6ft. high, 30 ins. in diam., $12.50 each; 7 ft. high, 32 ins. in diam., $20 each.

BOXWOOD TREES.

Pyramidal, 3 to 3½ ft., $2 each; 3½ to 4 ft., $2.50 each; 4 to 5 ft., $5 each.
Standards, 15 ins. in diam., $2 each; 18 ins. in diam., $3 each.

HARDY ROSES

During the past few years a large number of new varieties of Roses have been introduced, and some have no value for our climate. We have taken care in this list that only those varieties suitable for general cultivation be selected.

HYBID PERPETUALS

Strong 2-year-old plants, 30 cts. each; $3 per doz.; $20 per 100.

Abel Carriere. Rich velvety crimson with fiery center.
Alfred Colomb. Carmine red; very large and full.
American Beauty. Deep rose; very large. Valuable for forcing.
Anne de Diesbach. Clear bright rose; large and fragrant.
Baron de Bonstettin. Velvety maroon; large and full.
Baroness Rothschild. Bright pink; very large.
Captain Christy. Delicate flesh, darker center.
Clio. Large; flesh color shaded with rosy pink.
Coquette des Alpes. White tinged with blush. Blooms late.
Countess of Oxford. Carmine red tinged lilac.
Crested Moss. Deep pink colored buds.
Duke of Albany. Vivid crimson becoming darker.
Duke of Connaught. Rosy crimson; large.
Duke of Edinburgh. Bright crimson.
Earl of Dufferin. Velvety crimson shaded maroon.
Fisher Holmes. Brilliant crimson.
Frau Karl Druschki. Pure silvery white.
General Jacqueminot. Bright scarlet crimson.
Gloire de Dijon. Salmon and yellow.
Gloire de Lyonnaise. Creamy white; tea scented.
Gloire de Margottin. Brilliant scarlet; large; fragrant.
Gruss an Teplitz. Scarlet shading to velvety crimson.
Harrison's Yellow. Pure yellow.
Hermosa. Bright rose.
John Hopper. Bright rose, carmine center.
Jules Margottin. Carmine rose.
Kaiserin Augusta Victoria. White blended with cream.
Lady Helen Stewart. Bright crimson scarlet.
La France. Silvery rose. The most fragrant of hardy Roses.
Mabel Morrison. One of the best white Roses.
Mme. Gabriel Luizet. Light silvery pink.
Mme. Plantier. Pure white; early Summer bloomer.
Mme. Caroline Testout. Hybrid tea. Satiny pink.
Mme. Charles Wood. Vivid crimson.
Magna Charta. Pink and carmine.
Marchioness of Dufferin. Rosy pink suffused with yellow.
Marchioness of Londonderry. Flowers of great size, measuring 7 inches across. Color ivory white. One of the finest Roses.
Margaret Dickson. White, pale flesh color.
Marie Baumann. Brilliant carmine crimson; large; full. Very fragrant.
Mrs. John Laing. Soft pink; fragrant; blooms late in autumn.
Marshall P. Wilder. Cherry carmine.
Merville de Lyon. Pure white.
Mrs. R. G. Sharman-Crawford. Color deep rosy pink; flowers large and perfect; free bloomer.
Paul Neyron. Deep rose; very large.
Perle des Blanches. Pure white.
Persian Yellow. Bright yellow.
Prince Camille de Rohan. Deep velvety crimson.
Soleil d'Or. New. A valuable hybrid, varying in color from gold and orange to reddish gold shaded with nasturtium red.
Ulrich Brunner. Cherry red. A fine rose.
White Baroness. Pure white.
White Moss. Beautiful in the bud; pure white.

FRAU KARL DRUSCHKI

CLIMBING ROSES

35 cts. each; $3.50 per doz.

Baltimore Belle. Pale blush turning to white; blooms in clusters.
Queen of Prairie. Flowers double, red and in clusters. One of the best.
Setigera (The Prairie Rose). Flowers single, deep rose, produced in masses through late June and July.
Dorothy Perkins. A hardy and vigorous climbing Rose, bearing clusters from 30 to 40 flowers like Crimson Rambler. These are a fine and striking shade of shell pink in color, and quite double and deliciously fragrant. It is absolutely hardy, and is a cross between Rosa Wichuraiana and Mme. G. Luizet.

HARDY RAMBLERS

Crimson. Bright crimson, blooming in panicles. First grade, 3 to 4 ft., 40 cts. each; extra strong plants, 4 to 5 ft., 50 cts. each.
Pink (Euphrosyne). Clear, light red. 40 cts. each.
White (Thalia). Pure white. 40 cts. each.
Yellow (Aglaia). Light yellow. 40 cts. each.

ROSA RUGOSA--JAPAN ROSE

30 cts. each; $3 per doz.; $20 per 100.

Alba. Single; pure white flowers; large and very sweet.
Rubra. Similar to the Alba in habit. Color deep rose.
Blanc Double de Coubert. Purest paper white.
Mme. Georges Bruant. Large semi-double; pure white.

HERBACEOUS DEPARTMENT

The increasing popularity of and demand for Herbaceous Perennials has caused us to make this department a very prominent one in our business. We give only a partial list of the varieties we can supply. Our selection here is of the more prominent varieties. We can supply almost any herbaceous plant.

By consulting the following list one can, by making selections, stock the garden or border with plants which will have a succession of blooms from early Spring until late in the Autumn.

We send out strong field-grown plants that will bloom the first season after planting.

Achillea Ptarmica (The Pearl). Small double white flowers in July. 15 cts. each.

Aconitum autumnale (Monk's Hood). Blue and lilac flowers. October. 3 to 5 ft. 15 cts. each.

Agrostemma Coronaria (Mullein Pink). Flowers crimson or rose crimson, borne singly on ends of the branches. 15 cts. each.

Alstrœmeria aurantiaca (Peruvian Lily). The orange-colored flowers produced in Summer and Autumn. 15 cts. each.

Alyssum saxatile compactum. Numerous golden yellow flowers in clusters; dwarf. May. 15 cts. each.

Anchusa Italica. Large heads of blue flowers; bloom from June until frost. 15 cts. each.

Anemone Japonica. Flowers rosy purple or carmine; handsome foliage. September to November. 25 cts. each.

Anemone Japonica alba. Pure white, large flowers. 25 cts. each.

Anemone Whirlwind. Curious white, semi-double flowers. 25 cts. each.

Anemone Pennsylvanica. White cup-shaped flowers; well adapted to shady positions. 15 cts. each.

Anthemis tinctoria (Golden Marguerite). Of bushy habit and daisy-like, golden yellow flowers. 15 cts. each.

Aquilegia cœrulea. The true blue Rocky Mountain columbine; flowers April to July. 15 cts. each.

Aquilegia Canadense. Our common columbine; scarlet and yellow flowers. 15 cts. each.

Aquilegia vulgaris fl. pl. Flowers double, ranging from white to deep blue. 25 cts. each.

Armeria maritima (Thrift or Cushion Pink). Valuable for edgings; purple flowers. June and July. 15 cts. each.

Asperula odorata (Sweet Woodruff). Snow white flowers in May; used for carpeting and shady places. 15 cts. each.

Aster, Hardy (Combe Fishavre). Pale lavender; profuse bloomer; early. 2 ft. 15 cts. each. $1.50 doz.

Aster, Hardy ericoides (Heath-like Aster). Small white flowers, yellow center. October. 18 in. 15 cts. each.

Aster, Hardy, longifolia formosissima. Bright rose-colored flowers. October. 3 ft. 15 cts. each.

Aster, Hardy, Grace. Bluish lavender; late. 15 cts. each.

Aster, Hardy, John Wood. White shaded pink; early. 15 cts. each.

Aster, Hardy, Novæ Angliæ (New England Aster). A profusion of large violet purple flowers. 4 ft. 15 cts. each.

Baptisia Australis. Deep blue, lupin-like flowers in long racemes. 20 cts. each.

Bellis perennis (English Daisy). Double flowers in red, white or pink. 15 cts. each.

Boltonia asteroides (False Chamomile). Numerous aster-like white flowers. October. 2 to 3 ft. 15 cts. each.

Callirhoe involucrata (Poppy Mallow). A trailing plant of vigorous growth; violet crimson flowers; late. 9 to 12 in. 15 cts. each.

Campanula (Bellflower). We have fifteen named varieties of this popular flower. 15 cts. each; $1.50 per doz.

Centaurea montana (Cornflower). Bluish purple flowers in July and August. 15 cts. each.

Cerastium Boissierii. Large white flowers. June. 6 in. 15 cts. each.

Chelone glabra (Turtle Head). Spikes of creamy white flowers. 2 ft. 15 cts. each.

Chelone Lyoni. Rosy purple flowers. September. 2 ft. 15 cts. each.

Chrysanthemum Leucanthemum Hybridum (Shasta Daisy). One of the handsomest and hardiest; very graceful. 15 cts. each.

Chrysanthemum, Hardy Pompon. 15 cts. each.

Coreopsis grandiflora. Large yellow flowers on long stems from July till frost. 3 ft. 15 cts. each.

Coreopsis lanceolata. Brilliant golden yellow blossoms throughout the season. June. 2 ft. 15 cts. each.

Delphinium Chinense (Larkspur). Small, deep sky blue flowers. June to August. 1 ft. 15 cts. each.

Delphinium formosum. Rich blue flowers tinged with purple, white eye. 4 ft. 15 cts. each.

Delphinium formosum cœlestinum. Double sky blue center, violet. June and July. 3 ft. 15 cts. each.

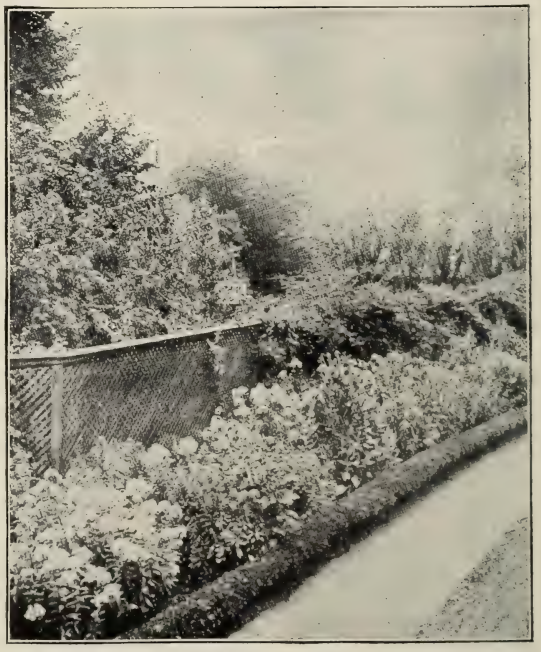
Delphinium hybrids mixed. Containing all the shades of blue. 15 cts. each; $1.50 per doz.

Dianthus barbatus (Sweet William). One of our oldest garden flowers; brilliant colors. June. 20 in. 15 cts. each.

Dianthus plumarius (Scotch or Garden Pink). Pink, purplish and white fragrant flowers. June. 9 in. 15 cts. each.

Dicentra spectabilis (Bleeding Heart). Large rosy red flowers, heart-shaped. May. 3 ft. 15 cts. each.

Dictamnus Fraxinella (Gas Plant). Curious red flowers; strong smell of lemon. May and June. 3 ft. 25 cts. each.



HERBACEOUS BEDS

Digitalis gloxiniæflora (Foxglove). Ranging in color from pure white to deep pink. June and July. 3 ft. 15 cts. each.

Funkia subcordata grandiflora (Plantain Lily). Broad pale green foliage; snow white fragrant flowers. 15 cts. each.

Funkia subcordata variegata. Variegated foliage and blue flowers. 15 cts. each.

Gaillardia aristata (Blanket Flower). Blossoms 2 to 3 inches across, dark red and brown center, with orange, crimson and red petals shaped into rings of color. June to November. 15 cts. each.

Gaillardia grandiflora. Large flowers of crimson and gold; continuous blooming. 2 ft. 15 cts. ea.

Geum atrosanguineum. A dwarf plant; dark red flowers. 15 cts. each.

Gypsophila acutifolia (Chalk Plant). Small white flowers in large panicles. July. 4 ft. 25 cts. ea.

Gypsophila paniculata (Baby's Breath). Flowers small, white, in large, loose panicles; excellent for cutting. July. 2 to 3 ft. 15 cts. each.

Helenium autumnale (Sneezewort). Golden yellow flowers. August and September. 5 to 6 ft. 15 cts. each.

Helianthus Decapitalus (Sunflower). Free blooming with clear yellow flowers. September to frost. 5 ft. 15 cts. each.

Helianthus multiflorus plenus (Double Sunflower). One of the most showy, a blaze of gold. In late Summer. 15 cts. each.

Helleborus niger (Christmas Rose). Flowers pure white with slight tinge of rose. 25 cts. each.

Hemerocallis (Day Lily), **flava** (Lemon Lily). Flowers clear full yellow; very fragrant. May and June. 3 ft. 15 cts. each.

Heuchera sanguinea (Alum Root). Flowers bright crimson. June-August. 18 in. 15 cts. ea.

Hibiscus Moscheutos (Swamp Rose Mallow). White flowers with purplish center. 15 cts. each.

Hibiscus var. (Crimson Eye). Pure white with crimson center. 15 cts. each.

Hollyhock. This grand old flower is coming more in favor each year as the new colors and shades are introduced. We have the double varieties in colors, flesh color, pure white, red, bright rose, deep maroon, sulphur yellow. 20 cts. each; $2 per doz.

Iberis sempervirens (Evergreen Candytuft). Pure white flowers. 15 cts. each.

Incarvillea Delavayi. A new hardy tuberous-rooted plant; flowers produced in clusters, are large, rose colored, trumpet-shaped. Excellent. 18 in. 25 cts. each; $2.50 per doz.

Iris, in variety. See page 15.

Lathyrus latifolius (Everlasting Pea). Large bright red flowers. 15 cts. each.

Liatris pycnostachys. Rocket-like spikes of pale blue flowers. September. 3 ft. 15 cts. each.

Lobelia cardinalis (Cardinal Flower). Long spikes of scarlet flowers. August to September. 3 ft. 15 cts. each.

Lupinus perennis. Large, loose, terminal spikes, blue, varying to white flowers. 15 cts. each.

Lychnis Chalcedonica (Maltese Cross). Large heads, crimson flowers. June to August. 3 ft. 15 cts. each.

Myosotis palustris semperflorens. Everblooming; blue flower, yellow eye. 8 in. 15 cts. each.

Œnothera Youngi (Evening Primrose). Large leaved plant; bright yellow flowers. 2 ft. 20 cts. each.

Pentstemon Torreyi (Beard Tongue). Loose panicles of bright coral red flowers. July. 4 ft. 15 cts. each.

Pentstemon Digitalis. Flowers pure white with purple spotted throats. 3 ft. July and August. 15 cts. each.

Phlox Perennial. The Phlox, like the pæonia, is becoming very popular. The plants are so hardy and so easily grown, no one can afford to be without a good collection. No perennial is more worthy of culture or is more satisfactory when grown, either as individual plants or grouped in masses. They begin blooming in Midsummer and continue until frost. In making selections one should keep in mind that when descriptions are similar, the varieties have distinct characteristics, and usually bloom at different periods. Our collection has been made up with great care, and includes the finest sorts to be found in this country or Europe. 15 cts. each; $1.50 per doz.

Platycodon Mariesi. Deep blue flowers. July until late in Summer.

Poppy nudicaule (Iceland Poppy). Graceful, showy yellow flowers. 15 cts. each.

Poppy orientale. Large, numerous, deep scarlet flowers, very showy. 3 ft. June. 15 cts. each.

Pyrethrum (Feverfew). Single varieties. 15 cts. ea.

Pyrethrum (Feverfew). Double varieties. 30 cts. ea.

Rudbeckia Golden Glow (Cone Flower). Bright golden yellow flowers. July to September. 6 ft. 15 cts. each.

Sedum spectabile (Stone Crop). Broad green foliage; large heads; handsome pink flowers. 18 in. 15 cts. each.

Spiræa Japonica. Pure white flowers; dark green foliage. June and July. 2 ft. 25 cts. each.

Spiræa astilboides. Dense plumes of feathery white flowers. June and July. 2 ft. 25 cts. each.

Spiræa palmata. Graceful plumes of bright crimson flowers. June to August. 3 ft. 25 cts. each.

Stokesia cyanea. A charming late Autumn flowering plant with large lavender blue flowers, 2 inches or more in diameter. 1 ft. 15 cts. each; $1.50 per doz.

Tritoma Pfitzerii (Red-Hot Poker). Produces extra fine spikes of orange scarlet flowers with long protruding anthers. August to October. 4 ft. 20 cts. each.

Tritoma Uvaria grandiflora. The old-fashioned, late flowering sorts, with rich crimson and orange flowers. 3 to 4 ft. 20 cts. each.

STOKESIA

ORNAMENTAL SHRUBS

This class of shrubs should be planted more in our home grounds and our gardens, as they make a great attraction and decided home-like appearance. A selection of these shrubs will give flowers from April to November, and have an abundance of foliage which will add greatly to the beauty of your lawn or garden.

Aralia. Arching spiny branches; bright green foliage. 35 cts. each.

Berberis Thunbergii (Japan Barberry). One of the most hardy and valuable species; foliage tinted in Autumn. 25 cts. each.

Berberis vulgaris (Common Barberry). Clusters of red berries. 25 cts. each.

Berberis vulgaris purpurea (Purple Barberry). Similar to above, only purple foliage. 25 cts. each.

Calacanthus Floridus (Spice Bush). Fine and glossy foliage; chocolate colored flowers all Summer. 35 cts. each.

Clethra alnifolia. Sweet pepper bush; rich green foliage; yellowish white flowers. 35 cts. each.

Cornus (Siberian Dogwood). Bright blood red branches. 35 cts. each.

Cydonia Japonica (Japan Quince). A spreading shrub; glossy green leaves; deep scarlet flowers. 35 cts. each.

Daphne Cneorum. Evergreen shrub; fragrant rosy lilac flower. 50 cts. each.

Deutzia crenata. Vigorous growth; white tinged, pink flowers. 35 cts. each.

Deutzia var. fl. pl. Double flowering. 35 cts. each.

Deutzia gracilis. Slender arching branches; flowers pure white in racemes. 35 cts. each.

Elæagnus longipes. Reddish brown branches; yellowish white fragrant flowers. 35 cts. each.

Euonymus atropurpureus (Burning Bush). Purple flowers in clusters; scarlet fruit. 50 cts. ea.

Exochorda grandiflora (Pearl Bush). Of robust growth; clusters of pure white flowers in May. 35 cts. each.

Forsythia Fortunei (Golden Bells). Deep yellow flowers in great profusion in April.

Hydrangea paniculata grandiflora. Its large cone-shaped heads of white flowers, turning later to pink and red, are admired by all. Give plants plenty of water. Large strong plants, 25 cts. each; $2.50 per doz. Selected specimens, 50 cts. each; $5 per doz. Trained to tree form, 75 cts. each.

Kerria Japonica. Globular; yellow flowers, throughout Summer. 35 cts. each.

Kerria Japonica, fl. pl. Double yellow flowers. 35 cts. each.

Lilac. Common purple. An old favorite; purple flowers. 25 cts. each. Extra large, bushy, 50 cts. each.

Lilac. Common white. Flowers are white. 25 cts. each. Extra large, bushy, 50 cts. each.

Lilac. Named varieties. 50 cts. each.

Lonicera Morrowi (Japanese Bush Honeysuckle). Wide spreading leaves; pure white flowers; red fruit in Fall. 35 cts. each.

Lonicera Tatarica. Profusion of pink flowers. 35 cts. each.

Philadelphus coronarius (Syringa, or Mock Orange). Pure white, fragrant in clusters in June. 35 cts. each.

Philadelphus coronarius aureus (Golden Syringa). Bright foliage. 35 cts. each.

Philadelphus Lemoinei. Fragrant pure white flowers in June. 35 cts. each.

Rhus aromatica (Fragrant Sumac). Small yellow flowers in clusters; foliage turns dark crimson in Autumn. 50 cts. each.

Rhus Cotinus (Purple Fringe, or Smoke Bush). Admired for its purplish misty-looking flowers borne early in June. 25 cts. each.

Rhus glabra laciniata (Cut Leaf Sumac). Leaves deeply cut, giving a fern-like appearance. 25 cts. each.

Sambucus var. aurea (Golden Elder). Yellow foliage. 35 cts. each.

Sambucus Canadensis (Common Elder). Flat heads of white flowers in June, reddish berries in Autumn. 25 cts. each.

Spiræa Anthony Waterer. Very free blooming; bright crimson flowers. 25 and 35 cts. each.

Spiræa opulifolia, var. aurea (Golden-leaved). White flowers on long stems; golden foliage. 25 and 35 cts. each.

Spiræa Thunbergii. Small white flowers and feathery foliage. 25 and 35 cts. each.

Spiræa Van Houttei. The finest of all Spiræas. Graceful bush, arching branches, covered in June with beautiful white flowers. 25 and 35 cts. each.

Stephanandra flexuosa. Handsome deeply cut foliage and pure white flowers in June. 25 to 35 cts. each.

Symphoricarpus racemosus (Snowberry). Flowers in July and August; branches covered in Autumn with white waxy berries. 25 to 35 cts. each.

Viburnum opulus (High Bush Cranberry). Has red berries resembling cranberries, which remain until early Winter. 25 to 35 cts. each.

Viburnum plicatum (Japan Snowball). Has globular heads of pure white flowers in June. 50 cts. each.

Viburnum tomentosum (Single Japan Snowball). Single form of above. 50 cts. each.

Weigelia candida. Pure white flowers all Summer. 35 cts. each.

Weigelia, var. Rathke. Brilliant crimson all Summer. 50 cts. each.

HYDRANGEA PANICULATA GRANDIFLORA

Strawberry Plants

Although there is a large variety on the market at the present time many of them do not seem to be any improvement over the varieties that have stood the test for several years, and we have made a selection from those varieties such as we know have been thoroughly tried and will prove satisfactory in this locality. Our strawberry plants are grown in 2½ inch pots, are strong, well-rooted plants and should produce a good crop in ten months from time plants are set out. July and August are the best months for setting strawberry plants.

Pot-grown plants from 2½ inch pots, well rooted, delivery in July and August, as soon as plants are ready. 50 cts. per doz.; $3 per 100; $6.50 per 250; $12.50 per 500; $25 per 1000, for all varieties except otherwise mentioned.

We mention here twelve of the more popular varieties, but we have a list of thirty varieties, all tried and well recommended.

Belmont. A standard sort coming late; of good size and excellent flavor.

Brandywine. Berries are large, deep red to the center and very productive.

Commonwealth. This is one of the later varieties; large, conical, deep crimson fruit and very sweet.

Excelsior. This is one of the extra early varieties; good size and color; very firm.

Glen Mary. Medium size; very deep red. Delicious flavor and an excellent berry.

Gandy. One of our latest berries. Of bright color, rich flavor and very productive.

Mark Hanna. Medium late variety and very prolific. Large size berries, borne in clusters; rich dark red color.

Marshall. This is a general favorite on account of its enormous size, blood red color and rich flavor. It has taken more first premiums than any other variety.

Minute Man (Pistillate). A medium size berry, good color and very prolific.

Sample (Pistillate). Excellent for either market or home use. Prolific, large, firm and delicious.

Senator Dunlap. An excellent keeper; fruit is very large, rich dark red to the center and very rich flavor. Excellent for either market or home use.

Texas. Berries are deep red and extra high quality; good shipper. Ripens early.

AUTUMN STRAWBERRY

STRAWBERRIES — AUTUMN BEARING

The Autumn. Unlike other varieties, this bears fruit continuously during the Summer and into the late Autumn, even up to frost. Being a Pistillate variety, should be planted with the Pan American. The price on the Autumn is $2 per doz.; $10 per 100.

Pan American. One of the newer varieties and Autumn bearing strawberries. This is a perfect plant and bears continuously from August until frost. 25 cts. each; $2.50 per doz.; $15 per 100.

If you do not find in this list what you are looking for, **write us**, or call at our store and we will give you a full list and what information you may desire.

We have at the Nursery a good assortment of all the leading varieties of Ornamental Trees; Climbing Vines and Hedge Plants in the leading varieties; both large and small sizes of Evergreens; Fruit Trees of all kinds, a large assortment and the stock is in excellent condition. Raspberries, Blackberries, Currants, Gooseberries and Grapes in variety; excellent, well ripened stock for Fall Planting.

BUNGEI CATALPA

Write or call on us for prices.

GOOSEBERRY

FERTILIZERS AND INSECTICIDES

FOR LAWNS

Special Lawn and Garden Dressing. For lawns, grass plots, kitchen gardens and flower beds. This superior dressing is made from chemicals, and is so prepared that it acts gradually throughout the season, producing a luxuriant growth of grass of a rich green color. It is far superior to lumpy, strawy manure, which disfigures the lawn and gives off an offensive odor. It is nearly odorless, and is easily applied. It may be applied at any time during the Spring, Summer or Autumn, or as often as the grass seems to need nourishment. It is also an excellent fertilizer for the kitchen garden, and may be used on all garden crops, vegetables, fruits, flowers, etc., in place of stable manure. 10 lb. bag for 1000 sq. ft. 50c., 25 lb. bag for 2500 sq. ft. $1, 50 lb. bag for 5000 sq. ft. $1.75, 100 lb. bag for ¼ acre $2.75; ton $40.00.

Bone and Wood Ash Fertilizer for Lawns. The value of bone and wood ashes is appreciated by every one. Bone, however, it not a complete fertilizer, as it lacks potash. Ashes are not a complete fertilizer, as they lack both phosphate of lime and ammonia. The two combined, however, supplement each other and make a complete, balanced fertilizer. $2 per 100 lbs.; $33 per ton.

Pure Sheep Manure. This is a pure natural manure, and the most nutritious food for plants. Its effect is immediate, much more lasting and healthy than guano or any other manure. It is the best of all manures for mixing with the soil for greenhouse plants. It makes the richest, safest and quickest liquid manure, rivalling guano without any deleterious effects. For flower or vegetable gardens, and as top dressing for lawns, it is unequalled. Directions.—For mixing with soil, take one part manure to six parts soil. For making a liquid, take 1 pound manure to 5 gallons of water, which can be used with safety daily if necessary. Price, 5 lb. package 25 cts.; 10 lb. package 40 cts.; 100 lb. bag $2; per ton $32.

Canadian Unleached Wood Ashes. They have a permanent and lasting value. They possess the advantage of being clean and sweet and entirely free from any disagreeable odor or weed seeds. They give to the grass a rich, dark shade of green, and will destroy many of the insects which are injurious to grass roots. A superior lawn dressing, per bag of 100 lbs. $1; ton $16, in bags. Carload lots on application.

Fresh Ground Bone. It is practically raw ground bone, the only thing extracted from it being the grease, which is of no value as a fertilizer. After the grease is extracted, the bone is dried and ground in its pure state. $1 per 50 lbs.; $1.75 per 100 lbs.; $30 per ton.

PLANT FOOD FOR HOUSE PLANTS

Bowker Plant Food. It is made expressly for flowers grown in house or garden. It produces a healthy growth and early flowering. Pkt. 15 cts. and 25 cts.; by mail 25 cts. and 45 cts.

Ferti-Flora. A liquid fertilizer for potted plants. No stronger solution of fertilizer elements can be maintained at Winter temperature without using unsafe mineral acids. Per bottle 25 cts.; unmailable.

Essex Plant Food. A specially prepared food for plants in house, will produce a healthy growth and increase the blooms. Pkt. 10 cts.; by mail 20 cts.

Flour of Bone ground very fine. An excellent fertilizer for pot plants or beds where immediate results are needed. 5 lbs. 25 cts.; 10 lbs. 40 cts.; 25 lbs. 75 cts.; 50 lbs. $1.25; 100 lbs. $2.

CHEMICALS

Nitrate of Soda. 95 to 98 per cent. purity. 5 lbs. 30 cts.; 10 lbs. 50 cts.; 100 lbs. $3.50.

Sulphate of Ammonia (Best). White or Gray; 24¾ to 25¼ per cent. ammonia. Per 10 lbs. 60 cts.; 100 lbs. $4.

Muriate of Potash. 80 to 85 per cent. Per 100 lbs. $2.50; per ton ask for special price.

Sulphate of Potash, High Grade. 90 to 95 per cent. sulphate of potash, 48 to 52 per cent. actual potash. $3 per 100 lbs.

Sulphate of Potash. 50 to 55 per cent. sulphate of potash, 35 to 40 per cent. sulphate of magnesia, and not over 2½ per cent. chlorine; excellent for potatoes or small fruits. Per 100 lbs. $2; per ton ask for special price.

POTTING MATERIALS

Potting Soil, For repotting plants, bulbs, etc. It is fertilized sufficient for growing all kinds of plants. ½ pk. 20 cts.; pk. 30 cts.; bush $1; bbl. $2.

Rotted Fibrous Peat. Which has become thoroughly rotted, and is invaluable for potting plants. ½ pk. 20 cts.; pk. 30 cts.; bush. $1; bbl. $2.

Leaf Mould. Is very essential for growing plants. ½ pk. 20 cts.; pk. 30 cts.; bush. $1; bbl. $2.

Orchard Peat, or Fern Root. Bbl. $2.75; bush $1.50.

Sphagnum Moss. We can furnish at most any time of year, freshly gathered or dry. Bbl. $1.50; bush. 75c.

INSECTICIDES

Aphis Punk is lighted with a match and allowed to burn, which it does without flaming; kills aphis and thrip very effectively. A box contains one dozen rolls—sufficient for fumigating 600 feet of floor space. 60 cts. per box.

Fir Tree Oil. Recommended for destroying the mealy bug, red spider, scale thrip and green fly, and highly valued as a wash for domestic pets. Per ½ pt. 40 cts.; pt. 75 cts.; qt. $1.25; ½ gal. $2.25; gal. $4.25.

Kerosene Emulsion. Not injurious to foliage, and a sure remedy for lice, scale, insects and most soft-bodied insects. Very valuable for washing domestic pets. Kills by contact. Per qt. 35 cts.; gal. 90 cts.

Lemon Oil. One of the cheapest, safest and most effectual insecticides. Destroys all insects on the foliage and roots of plants without injury to the flowers or leaves. Dilute with 40 to 50 parts water. An excellent wash for dogs, curing mange, killing insects and giving the coat a fine, glossy appearance. Per ½ pt. 25 cts.; pt. 40 cts.; qt. 75 cts.; ½ gal. $1.25; gal. $2.

Nico-Fume. A tobacco-paper for fumigating greenhouses; does not injure blooms and furnishes the easiest method of fumigation ever devised. Send for circular. Cans of 24 sheets 75 cts.; 144 sheets $3.50; 288 sheets $6.50.

Nico-Fume Liquid. A nicotine solution of exceptional purity. Does not stain or injure blooms nor leave a disagreeable odor. ¼ pt. 50 cts.; pt. $1.50; ½ gal. $5.50; gal. $10.50.

Nicoticide. For destroying green and black fly, thrip, mealy bug, red spider, etc. May be used with the most tender plants in full bloom without the least danger. In cans. No. 1 containing 1 pt., sufficient for 32,000 cubic ft., $2.50; No. 2 containing ½ pt. sufficient for 16,000 cubic ft., $1.25; No. 3 containing 4 oz., sufficient for 8,000 cubic ft., 70 cts. Fumigators for using the same, 50 cts.

Nikoteen is used either by fumigating or spraying. Per pt. bottle $1.50.

Soap. Sulpho Tobacco. The most convenient form of tobacco as an insecticide for general use, and most effectual as a contact poison for insects infesting both plant and animal life. Per 3 oz. pkg. 10 cts.; ½ lb. 20 cts.

Soap. Whale Oil. A very effective, simple and cheap preparation for slugs, worms, scale insects. Per ½ lb. box 10 cts.; lb. 15 cts.; 5 lbs. 50 cts.; 10 lbs. 90 cts.

To-bac-ine Fumigating Paper is an especially prepared paper thoroughly saturated with pure nicotine, making a most powerful insecticide and harmless to the most delicate flower or plant. Boxes of 12 rolls 60 cts.; case of 12 boxes $6.50.

Tobacco Dust. Valuable as an insecticide and fertilizer. Sure preventive for green fly, and better as a mulch than the stems. Per lb. 10 cts.; 5 lbs. 20 cts.; 100 lbs. $2.50.

Tobacco Stems. For fumigating. Valuable as a mulch for rose beds, sweet peas and other plants. Per bbl. $1; bale $1.50.

FOR GYPSY MOTHS AND SCALE

Creosote Mixture. Recommended by the Massachusetts Gypsy Moth Commission, Is sure death to the eggs of the gypsy moth, tussock moth and similar insects. Qt. 25 cts.; gal. 60 cts.

Scale Destroyer. For San Jose scale. This preparation is a soluble oil which positively destroys and prevents San Jose Scale. Qt. 35 cts.; ½ gal. 65 cts.; gal. $1; 5 gal. $3.75.

FLOWER POTS, SAUCERS AND TUBS

Roller Stand.

Rolling Stands, Fibre, for heavy plants. Cannot rust or leak. Not affected by water. Made with ball-bearing castors.

12 inches for 10 inch pots,	$0.60 each,	$6.00 doz.

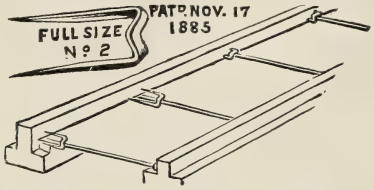
Burning Brand Letters, for marking, not over 4 in., $1.50; two lines, $2 each.

Carnation Supports, Excelsior. Galvanized wire, strong and durable, in two sizes. 13 in., $1 per 100; $4.50 per 500; $8 per 1000. 20 in., $1.25 per 100; $5 per 500; $9 per 1000.

Carnation Supports, Model. Extension galvanized wire, very durable, quickly adjusted. 2 rings, 45 cts. per doz.; $2.50 per 100; 3 rings, 55 cts. per doz.; $3 per 100.

VAN REYPER'S GLAZING POINTS



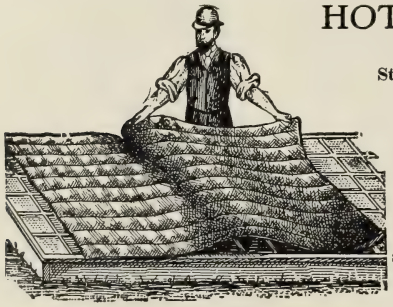
Glazing Points. Van Reyper's, mailed, 75 cts.; 60 cts. per 1000.
No. 1 for small single thick glass.
No. 2 for medium double thick glass.
No. 2½ for large double thick glass and skylight.

Glazing Points, Siebert's. 1040 points in a pound, ⅞, 40 cts.; 1440 points in a pound, ⅝, 40 cts.

Glazing Pincers for driving, by mail, 50 cts.; 40 cts.

Glazing Machines for using putty, $1.25.

HOTBED MATS



Hotbed Mat.

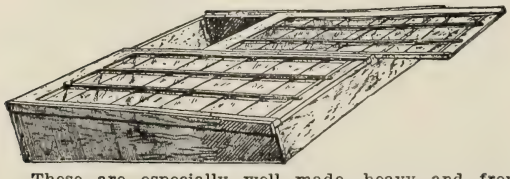
Straw. Only fresh rye straw is used in these mats and American Lathyran used for tying, which makes extra strong mats. Regular size 6 x 6 ft., covering two sashes, $1.75 each. Special prices given on large quantities.

Burlap. Indestructible, cheap and warm wool filled. Easily handled. Dry out quickly after rain.

No. 1. 76x76 ins., made of Jute, stitched through, hemmed with canvas and thickly padded. $1.25 each.

No. 2. 76x76 ins. Duck cloth outside, filled and quilted as No. 1. $1.50 each. One mat covers two sashes.

HOTBED SASH



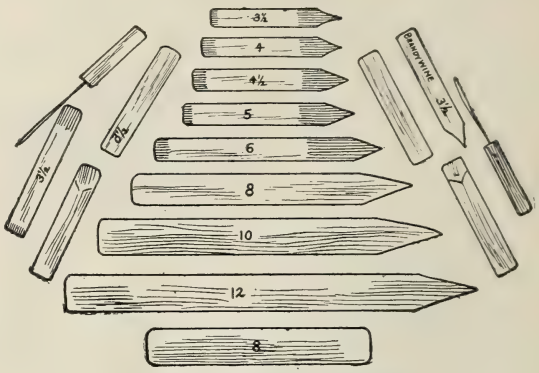
These are especially well made, heavy and from thoroughly well-seasoned lumber and glazed with double thick glass. Regular size 3x6 ft., 1¾ in. thick, $3 each. Special price given on large quantities.

FUMIGATORS

Fumigator, Perfection. It has practically three bodies, the two inside ones forming a water tank; this tank being between the fire and the outside body. It prevents the body from burning out. No. 1 holds 1 pk. stems, $3; No. 2 holds ½ bus. stems, $3.50; No. 3 holds ¾ bus. stems, $4.

Fumigator, Eureka. No. 1, 12 in. high, holds ½ pk. stems for house 10x20 ft., $1.20; No. 2, 16 in. high, holds 1 pk. stems, for house 12x40 ft., $1.75; No. 3, 20 in. high, holds ½ bus. stems for house 15x100 ft., $2.50; No. 4, 24 in. high, holds ¾ bus. stems, for house 20x100 ft., $3.

LABELS



Wood, For Plants or Shrubs.

			Plain. 100	Plain. 1000	Painted. 1000

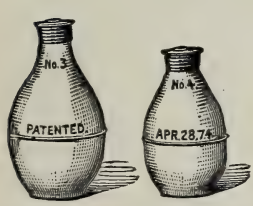
" " 31, " " " 10 in., 75 cts.
" " 40, " " polished, 9 in., $1.
" **Levin.** Very light and extra strong. 8½ oz., 50 cts.; 13 oz., 75 cts.



SPRAYERS AND SPRINKLERS

Scollay's Rubber Plant Sprinkler. Made of rubber with flat bottom and a finely perforated, detachable brass top. Very useful in bouquet-making and window-gardening for sprinkling, and for all purposes where a fine spray is required. Four sizes. Straight neck, 50 cts., 60 cts., 75 cts. and $1 each. Angle neck, 60 cts., 70 cts., 90 cts. and $1.10 each. By mail, 10 cts. each additional.

Auto-Spray.

The "Auto-Spray" works automatically, has a capacity of four gallons, and when properly charged, contains three gallons of solution and one gallon of compressed air. Eight to twelve strokes of the plunger will compress the air and two pumpings will discharge the entire contents.

Galvanized iron tank, $4.50; **brass tank,** $6. Fitted with new Auto Pop Nozzle, $1 extra.

Auto-Pop Spray Nozzle. In operation a lever is moved by simply closing the hand, thus opening the valve. The lever closes itself automatically, hence the **spray is in perfect control.** $1.25 each.

Strainer for Auto-Spray. The funnel part is made of copper and is 8 in. at mouth; the strainer is made of brass wire-cloth, $1.25 each.

Extension Pipe. Made of solid brass, two feet in length. 35 cts. each.

Elbow Extension. Is made of heavy brass and is used in connection with one length of extension pipe for spraying cucumbers and other low growing vines 35 cts. each.

Sprayer. Lightning. Insect. It will spray upward or downward, which is convenient in a great many cases. It is made of heavy tin, with double brass tubes, and produces a fine mist spray. Heavy tin 50 cts. each; brass 75 cts. each.

Sprayer. Lightning (Compressed Air). The Lightning Sprayer which holds two gallons and is made of heavy galvanized iron is provided with hose and automatic brass nozzle and a brass safety valve, which prevents over-pressure. The sprayer works automatically and may be charged in a few seconds by a few strokes of the pump. The hose is provided with a strainer which avoids clogging. $2 each.

Sprayer. Lee's. Excellent sprayer made of tin, especially strong and durable. We recommend this especially in using Lee's Lice Killer or Cow Comfort. 75 cts. each.

Sprayer. KINNEY PUMP ATOMIZER. Used to distribute liquid fertilizer, or to mix or temper hot and cold water under water pressure. Connect between sections of hose and lower it into barrel. $2 ea.

Stakes. For greenhouse, conservatory, or garden use. Painted green.

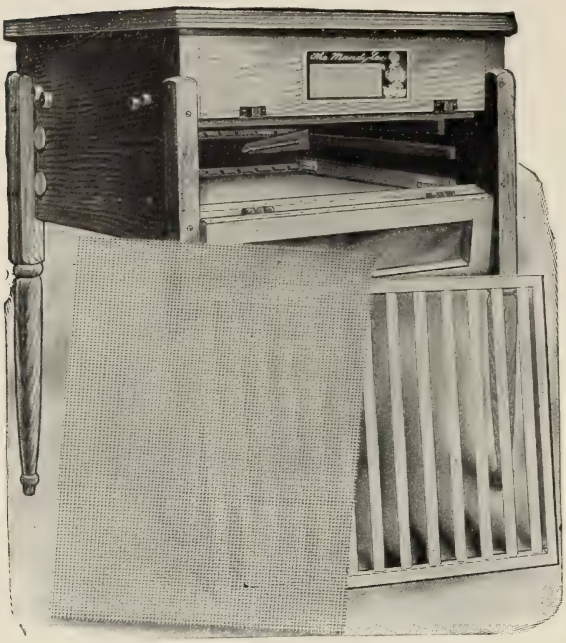
Galvanized Iron, extra heavy with screw top, 4-qt., 45 cts.; 6-qt., 50 cts.; 8-qt., 60 cts.; 10-qt., 75 cts.; 12-qt., $1; 16-qt., $1.25.

POULTRY DEPARTMENT



THE MANDY LEE INCUBATOR

Construction of Heater and method of connecting or fastening the lamp securely to the heater flue is a distinct improvement over other machines. The lamp bowl and lower part of the burner are always cool. There is no danger of the lamp becoming loosened or falling to the floor.

The Heating-chamber in the upper part of the machine forms a hot-air tank. The sheet-steel diaphram forms the bottom of this tank and prevents any of the air used in heating from entering the egg-chamber. The eggs are warmed with heat from the diaphram and the egg-chamber may be closed up tight or ventilated as much as desired without interfering in any manner with the perfect heating system.

The Mandy Lee Incubator has double walls of ¾-inch lumber with ¾-inch of cotton batting between, a total wall thickness of 2¼ inches. The top is 3 inches thick—wood, cardboard and cotton batting.

The Perforated Tube system of heat distribution is the most perfect that has yet been designed. In the heating-chamber are eight tubes, each ⅞-inch in diameter, and passing entirely through the body of the incubator from end to end. These tubes are perforated with small holes every two inches on the inside of the heating-chamber. The hot-air enters the heating-chamber direct from the heater, is distributed to all these perforations in the tube and passes out through the ends of the incubator into the room without having in any manner entered the egg-chamber.

Ventilation. There are two more of these perforated tubes below the diaphram in the egg-chamber one above and the other below the egg-tray. These two tubes are covered and controlled by swinging, discs or caps at each end on the outside of the incubator body.

100 Egg Size, $14.00; 140 Egg Size, $19.00; 280 Egg Size, $29.00.

Let us mail you our *Special Incubator Catalogue.* It tells the whole story.

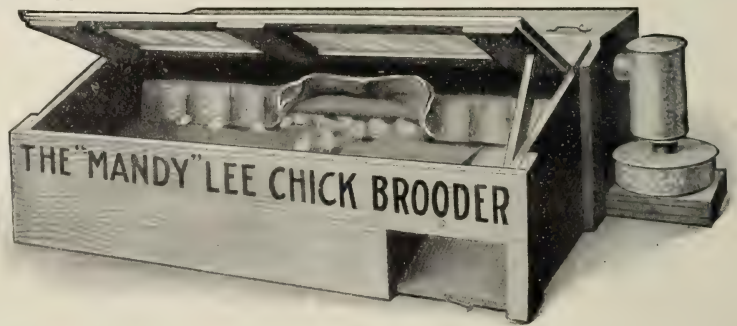
THE MANDY LEE BROODER

The great brooder idea, developed and patented by Mr. Lee, lies mainly in the hover. All of the other features—the glass-top feeding compartment; the covered runway at the back; the outer box, etc.,—are merely incidentals to more fully utilize the correct contact-heat principle.

The hover is long and narrow with a curtain along both sides and a heavy blanket bottom which curves down almost to the floor in the middle. This blanket is heated on the upper side by the heating-pipes which pass through the hover box. It is heated to about the temperature of a hen's body—a few degrees more or less don't matter—and the chicks go under from either side and nestle against the warm body of this artificial hen. If a little too warm they only have to push out an inch or so to raise the curtains, letting in the cooler air. If too cool, they draw back a little farther under the middle of the hover blanket just as a child will snuggle more deeply in bed.

Capacity. The Mandy Lee Brooder is, of outside dimensions, 3x4 feet in size. It is as large as any 200-chicken brooder on the market but we call it only 100-chick size, 50 chicks on each side of the hover. It will hold more, but it don't pay to crowd. Price $12.00.

We cannot tell you all here regarding this brooder. Let us send you our circulars, they explain everything.



POULTRY DEPARTMENT

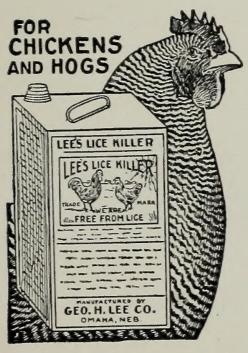
LEE'S EGG MAKER

and Chick Grower is not only a splendid egg-producing food but an excellent food for growing chicks as well. It is composed largely of granulated blood (deodorized), the most highly concentrated form of meat food, and contains not an ounce of sand, shell or other cheap or worthless filler—nothing "just to make it weigh."

There is nothing better for chicks after they are ten days old. It makes them grow, makes bone and muscle, and brings them to maturity—the profit point—from two weeks to a month earlier than if raised without it.

Price, 2½-lb. package, 25 cts.; 5-lb. package, 50 cts. and 25-lb pail, $2.00.

LEE'S LICE KILLER Will stop that scratching



of your fowls if you expect any chicken profits this year. Don't expect your hens to lay—your chicks to grow—if their time and energy is required in their warfare against vermin. The better plan is to keep them happy, contented and productive, by using **Lee's Lice Killer,** the original liquid Lice Killer—strongest and best of all insecticides. Kills both by vapor and contact, not only lice, but mites, jiggers, bugs, and vermin of every description. It kills them everywhere and without the annoyance and bother of the dusting, dipping or greasing processes so necessary with other preparations.

Lee's Lice Killer is easy to use—you simply paint or spray the roosts and walls of your poultry house. That's all! It does not pay to risk your entire season's profits, either by not using any insecticide or by taking chances with cheap or inferior imitations.

But be sure you get **Lee's**—yellow cans and labels all the time.

Qt., 35 cts.; ½ gal., 60 cts.; gal., $1.00.

We will deliver a gallon, express prepaid, for $1.25, and will make you a present of a 1907 Egg Record.

LEES INSECT POWDER. Is intended for use on setting hens and little chicks and where dusting is preferred. It is put up in 1¼-pound sprinkler top packages. 25 cts. each, or we will mail it postpaid for 40 cts.

LEE'S GERMOZONE

Will Save Your Chicks

More chickens die annually from Bowel Complaint and Cholera than from all other diseases combined. Yet these are the easiest of all diseases to prevent or cure.

Bowel Complaint and Cholera can be checked in twenty-four hours by the proper use of **Germozone**—the Poultry Medicine. A tablet or a tablespoonful of the liquid in the drink occasionally is all that is necessary.

Germozone is a germicide—a bowel regulator—the best cure for poultry that has yet been produced. For Bowel Complaint, Cholera, Roup, Sore Head, Limberneck, and other diseases of a similar nature it is considered by poultry raisers almost infallible. Read the words of praise others have to say of it. Get it now and use as a preventive rather than be compelled to use it later in the season as a cure.

Sick hens won't lay, and sick chicks won't grow. Keep them healthy and profitable by the occasional use of Germozone.

Liquid by express. Price, 50 cts.
Tablets by mail postpaid, 50 cts.

Let us send you a circular; it explains more fully.

We Have Other Makes of Lice Killer and Poultry Remedies

Pratt's Poultry Food. Price, 25 cts., 60 cts., $1.25.

POULTRY SUPPLIES

QUALITY DRY FEED.

For dry feeding—and this way has undoubtedly been proven to be the best for egg production—we consider this mixture surpassed by none. The blending of the grains and other ingredients of which this feed is composed are absolutely the best that can be bought. This especial blend has been given practical tests by practical poultry men before being put on the market, and we *can* and *do* stand back of its egg producing qualities. Give it a good fair trial and you will be convinced there is no better feed for egg production. 100 lbs., $1.75; 5 bag lots, F. O. B. your station.

Suburban Lawn Mixture

Our **Suburban Lawn Seed Mixture** is made of all recleaned seeds of the different varieties that will make a good lawn quickly, so that when the seed is sown, if the ground is in proper shape, it will start at once and in a short time show a green lawn. Only a few weeks and there will be formed a good thick turf. It withstands the drought without turning brown, as grasses selected are deep rooted. If **Suburban Lawn Mixture** is sown you will have in a short time a beautiful deep green lawn and retain the same during the season with slight attention.

You will find no chaff seed in our **Suburban Lawn Mixture,** it starts at once. A given measured quantity will produce three or four times the grass plants in addition to making a quicker and stronger growth. It requires less seed to sow the lawn with **Suburban Lawn Seed.**

1 quart will sow 600 square feet	$0 25	8 quarts will sow 5,000 square feet	$2 00
2 quarts will sow 1,200 square feet	50	½ bushel will sow ¼ acre	3 75
4 quarts will sow 2,400 square feet	1 00	1 bushel will sow ½ acre	7 00

LAWN GRASS FOR SHADED PLACES

In many lawns there are trees which shade parts and sometimes nearly all the lawn, leaving unsightly places at times. Ordinary lawn seed does not give satisfactory results under these conditions. Our mixture for shaded places combines grasses which in their natural or wild state grow and mature seed under these conditions. Having made experiments in this line for many years, we know that our mixture for **shaded places** will produce good results.

Should you find that grass will not grow where the seed is planted, then the soil is frequently found to be sour and needs an application of slaked lime, about one bushel to 1,000 feet of lawn. Qt. 25c., 2 qts. 45c., 4 qts. 85c., pk. $1.50, bus. $5.50.

SUBURBAN LAWN SEED

Sow twice as much ground with Suburban as any other Lawn seed offered at $4.00 per bushel or less.

PUTTING-GREEN MIXTURE

The grasses used in this mixture are all of low-growing and will produce a thick, tough, beautiful green turf, and maintain their rich velvety green color during the season. Qt. 25c., pk. $1.50, bus. (about 20 lbs.) $5.

GOLF-LINK MIXTURE

As the land on Golf-Links varies so much it is hard to have a mixture that is suitable for all kinds, and better results can be had by letting us know the nature of the land and its situation; we then can make a special mixture to suit the situation, at a nominal cost. We, however, have a mixture that will give good results under most conditions. Qt. 20c., pk. $1, bus. (15 to 20 lbs.) $3.50. Will make special price on large quantities.
